Attention David Merchant:

This letter is meant as an affidavit as to my experience with the Harris Organization's performance over the last year. As of the last statement my assets with the Harris Organization are in excess of one million dollars. Over the last year I have made numerous phone calls and have sent numerous faxes with request for some of funds to be wired back. None of these requests have been honored and I am very concerned about my funds. Initially my funds were in the form of stock, transferred from Smith Barney to Harris Organization. About midway through the year I went half to cash. At present my assets are 60% stock and 40% cash in money market. I am not involved in any of Harris Organization's investments. During the last year I made a personal visit to Panama, and had face to face meetings with several Harris Organization personnel. Larry Gandolphy (or Gandolphy?) and Mark Harris and my account executive, along with many other people. At that time they assured me I would receive wire transfers on a regular basis, but this never occurred. Here I sit with over 1 million in assets being held hostage in a foreign country, by a very disreputable Harris Organization. I would be willing to testify under oath to any of the above statements.

Sincerely,

Victor J. Wojtas
