A Global Authority On Red Flags in International Finance

OffshoreAlert provides intelligence on participants in high-value international finance via articles, documents, conferences, and webinars, with an emphasis on high-confidentiality jurisdictions. We specialize in exposing investment fraud while it's in progress and helping victims recover assets.

OffshoreAlert vGlobal is an opportunity for you to market your products and services and highlight your brand to a huge global audience of devoted followers that OffshoreAlert has built up over 25 years in business.

- + Crypto

Message from the Founder & CEO

David Marchant

With an expected global audience in the thousands, vGlobal will be a unique conference on intelligence, investigations, and recovery for stakeholders in high-value international finance.

Our aim is to bring clients, investigators, investors, and providers all over the world together in one place at one time to learn, meet, and conduct business.

vGlobal is customized for the virtual format. That means free attendance, shorter sessions, half-days, world-renowned speakers, daily themes, video & chat networking, product demos, and interactive booths.

Taking place over five days on Dec. 5-9, the first day will be for orientation so attendees can explore our state-of-the art, no-expense-spared platform, see who's attending, schedule meetings, visit booths, and watch video-shorts showcasing sponsors' products and services.

That will be followed by four days of sessions and networking on the themes of Intelligence (Day Two), Investigations (Day Three), Recovery (Day Four), and Crypto (Day Five).

Each day will be a carefully-crafted mix of content and networking. Video-shorts will

be capped at 10 minutes, sessions at 45 minutes, and speed networking at 60 minutes. There will also be a networking lounge where attendees can informally mingle - by video and audio - during 15-minute session breaks.

Artificial intelligence is designed to put attendees who are looking for something in touch with those who are offering it. So claimants, creditors, victims, and their representatives, for example, might be paired with investigators, recovery specialists, insolvency practitioners, and funders. The possibilities are endless.

vGlobal is an opportunity for you to market your products and services and highlight your brand to a huge global audience of devoted followers that OffshoreAlert has built up over 25 years in business.

India	Ukraine
Isle of Man	United Kingdom
Israel	United States
Jersey	and more ...

“ It’s like that famous bar in ‘Star Wars’, where they all come together — the good guys, the bad guys, the seriously guilty — and they all exchange information on neutral territory.”

Jack Blum, Financial Crime Lawyer, Washington, D.C., describing The OffshoreAlert Conference in The Wall Street Journal in 2009.

Event Platform:

Swapcard
swapcard.com

Video-Shorts: A Video-Short is a pre-recorded video up to 10 minutes in length about a specific sponsor-chosen topic. Videos are organized by topic and are available on-demand to all conference attendees.

Speed Networking Platform:

Twine
try.twine.nyc

Intro Stinger: A stinger or bumper is a short clip that can be used to introduce, end or link various sections of a video. A consistent stinger paired with a logo reveal helps increase brand awareness and lets your audience know who has sponsored the video they're about to watch.

Networking Lounges:

Remo
remo.co

Speed Networking: Structured networking that allows stakeholders to meet many people in a short amount of time. These short, time structured meetings usually happen one-on-one for brief informational exchanges in a round-robin style.

Marketplace: List your products and services under specific categories so buyers who are looking for what you're offering can easily find you.
